

«PeakTech® P 5186» USB-Datalogger Voltage: 0 ... 30V DC

€64.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 5186

GTIN/EAN: 4250569403552

Description

The PeakTech 5186 is a data logger for DC voltages from 0 V to 30 V with terminals on the top of the device. With the included software, all desired parameters can be set before recording, e.g. the desired measurement rate, the start function, the time and date or a password to protect the measured data. The recorded measured values can be evaluated with the PC software.

Technical features

- Data logger with internal memory up to 32,000 readings
- DC-Voltage measurement up to 30 V
- LCD for measurement values
- Sampling rate of 2 seconds up to 24 hours
- User replaceable lithium battery
- Accessories: Software for Windows, Wall Holder, Protective Cap and manual

Specifications

USB:

Display Type: LCD
